

Ryan White HIV/AIDS Program

Moving Forward with CARE: Building on 25 Years of Passion, Purpose, and Excellence

WHAT is the Program?

FUNDED IN FY 2015 AT

\$2.32 BILLION

The HIV Care Continuum

The **HIV Care Continuum** is a model that outlines the stages of HIV medical care that people living with HIV go through from initial diagnosis to achieving the goal of viral suppression and helps policymakers and service providers better support individuals as they move from one stage of care to the next.

The program works with **cities, states, and local community-based organizations** to support a coordinated and comprehensive system of care and treatment across the HIV Care Continuum.

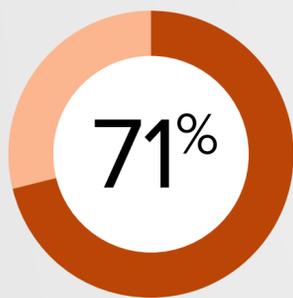

WHO it Serves?

Half a Million

 LIVING WITH HIV/AIDS BENEFIT FROM THE PROGRAM ANNUALLY

The program serves more than 500,000 people living with HIV/AIDS in the United States.

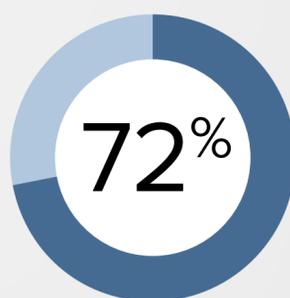

Of the total Ryan White HIV/AIDS Program clients served:

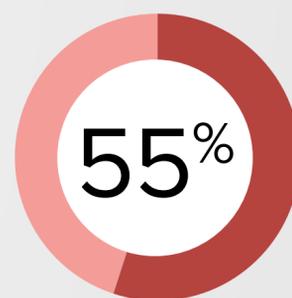

Are from **racial/ethnic minority** populations: 47% Black/African American and 23% are Hispanic

Are at or below 100% of the federal **poverty level** (FPL) and nearly 90% are at or below 200% of the FPL

Have some form of health care **coverage**

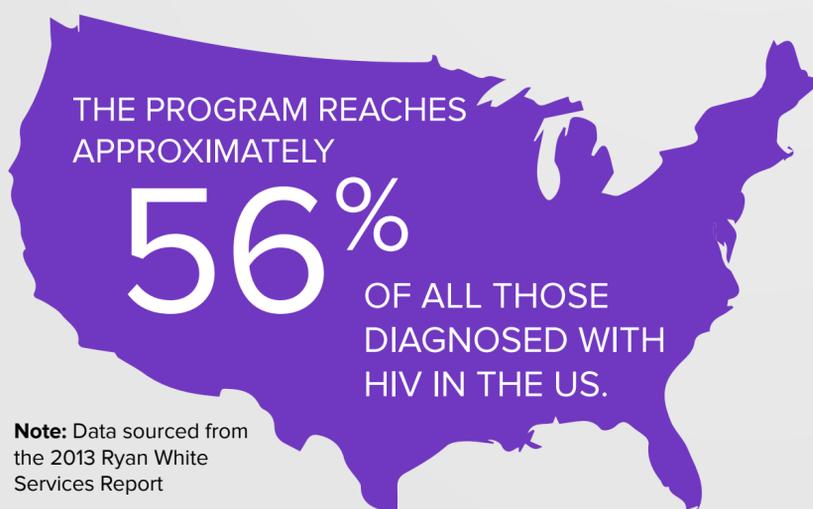

Are between the **ages of 35-54**
